GOVERNMENT OF WEST BENGAL

I am happy to know that the One-Hundredth Meeting of the State Level Bankers' Committee will be held on 12<sup>th</sup> September 2007.

The participation of banks in the economic development of the State and in improving the quality of life of the people can be of considerable and direct benefit. I am sure the State Level Bankers' Committee will address all relevant issues related to the above subject.

I wish the deliberations of the State Level Bankers' Committee every success.
